EXTENSION OF THE FOURTH COUNTRY PROGRAMME FOR COTE D'IVOIRE

Note by the Administrator

1. The fourth country programme for Côte d'Ivoire was approved by the Governing Council at its thirty-fourth session (1987) for the programme period January 1987 to December 1991.

2. The Government is preparing a medium-term recovery and development programme which is expected to be published in early 1992. This will provide an important basis, in the continuous dialogue between the Government and the United Nations Development Programme, for the preparation of the fifth country programme.

3. Accordingly, the Government has requested a one-year extension of the current country programme to ensure that the fifth country programme takes fully into account the objectives and priorities of the recovery and development programme. The main objectives of the current programme will continue to be valid for the period of the programme extension.

4. The Administrator wishes to inform the Governing Council that he has approved the extension of the fourth country programme for Côte d'Ivoire for a period of one year, beginning 1 January 1992.
